

# COUNTDOWN CRICKET

## APP GUIDE

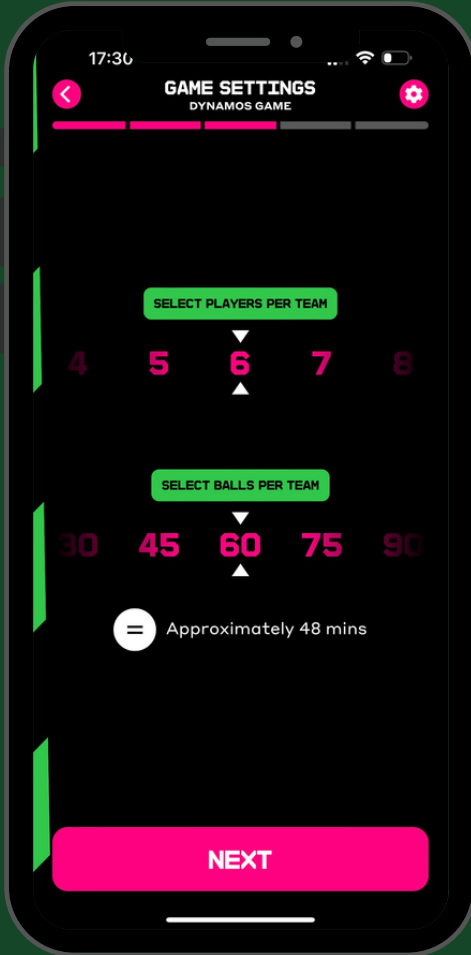

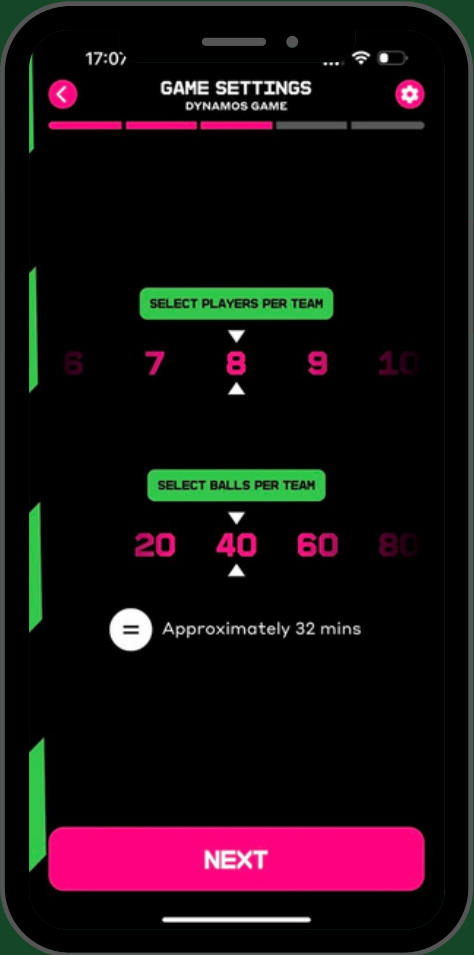

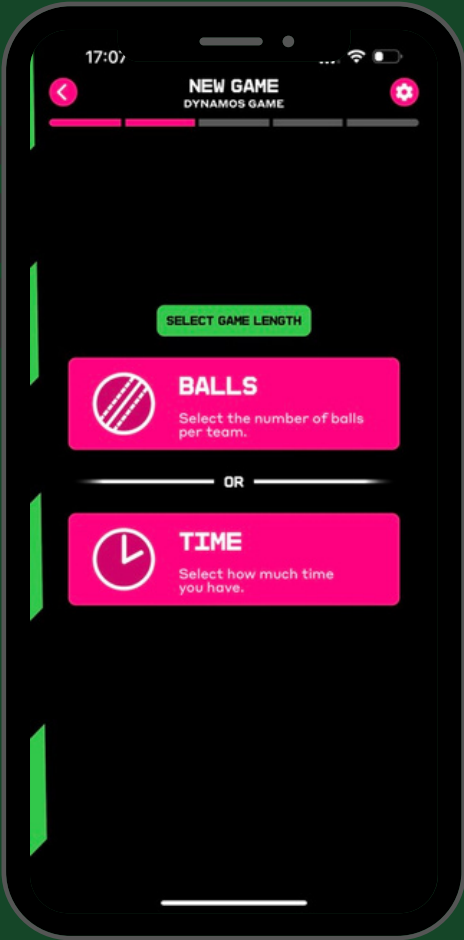

# CHOOSE FORMAT OF THE GAME

Select "Dynamos"

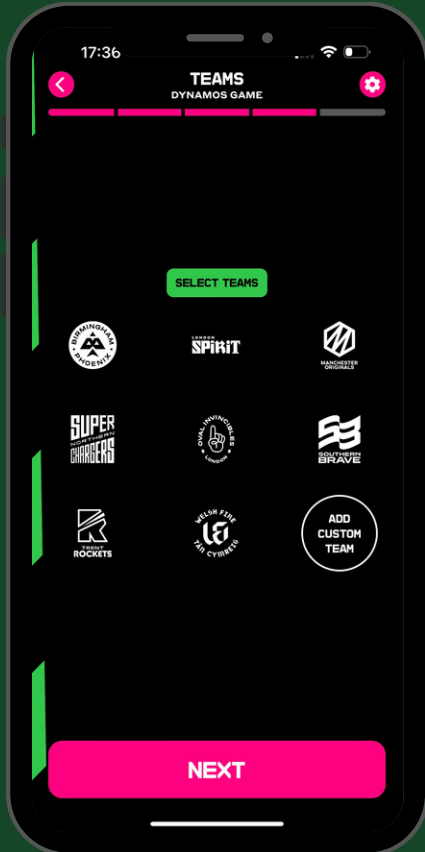

Select to change number of players & balls in the game

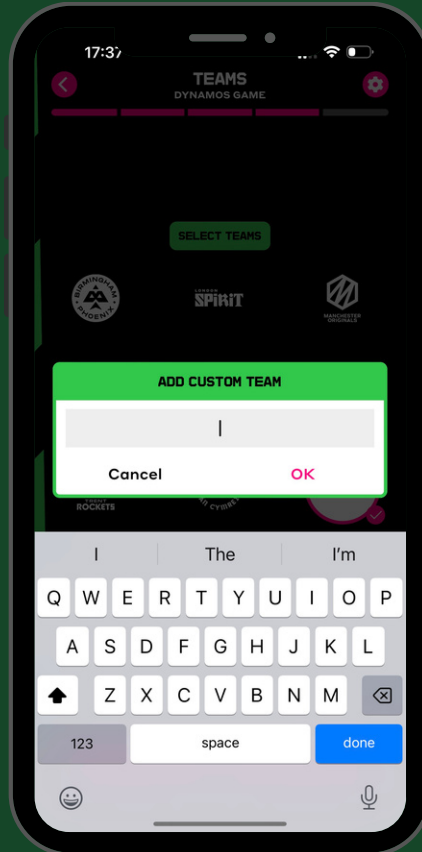

# ENTER TEAMS AND COMPLETE TOSS

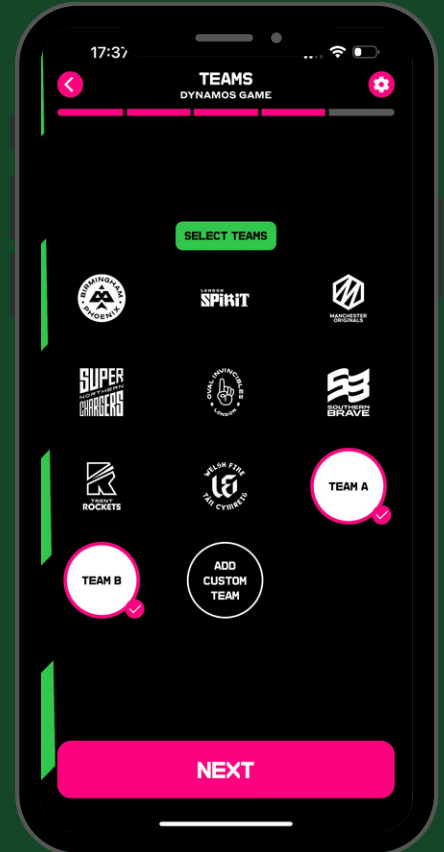

Choose from Pre-loaded teams

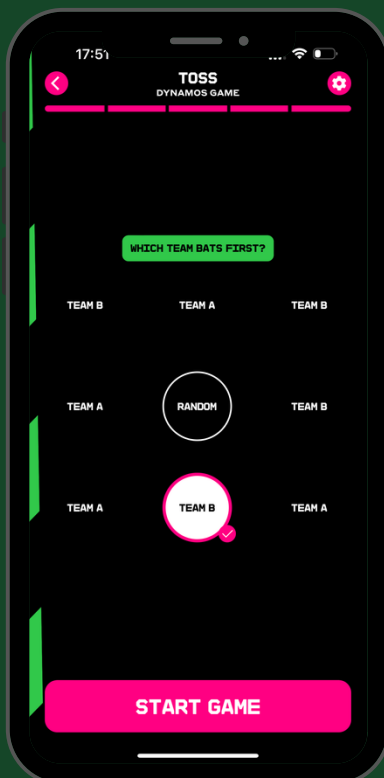

Or enter your own

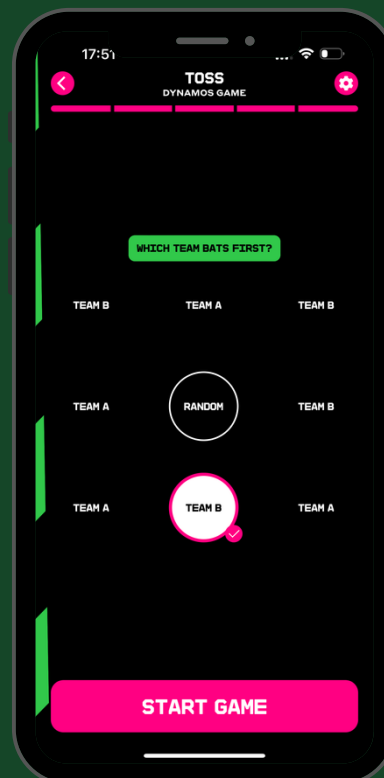

Select the 2 teams

Select "Random" & the  
coin toss will be completed

The team batting first  
will be highlighted

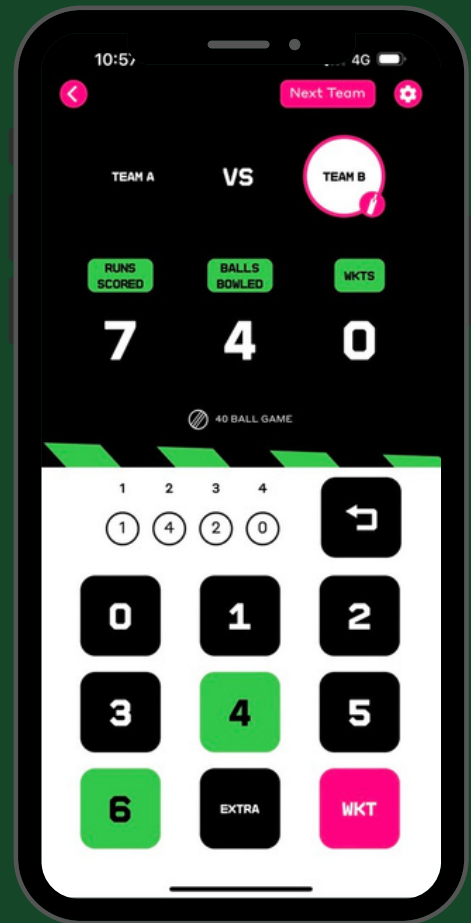

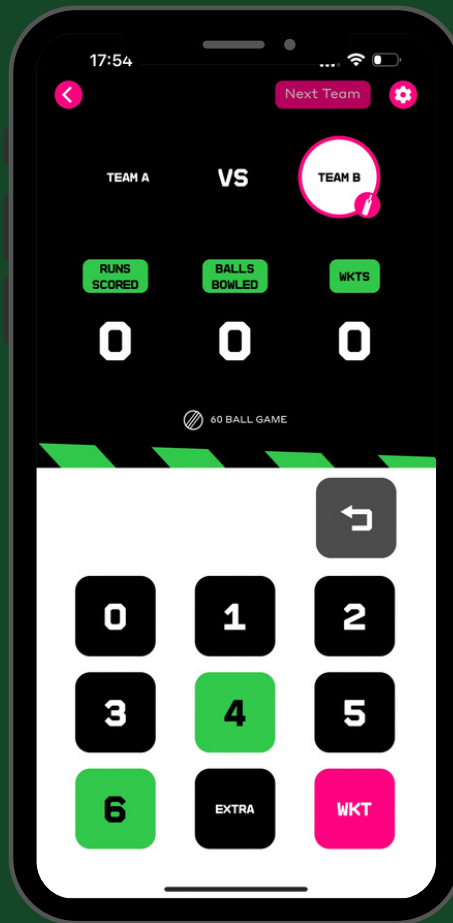

# PLAYING THE GAME

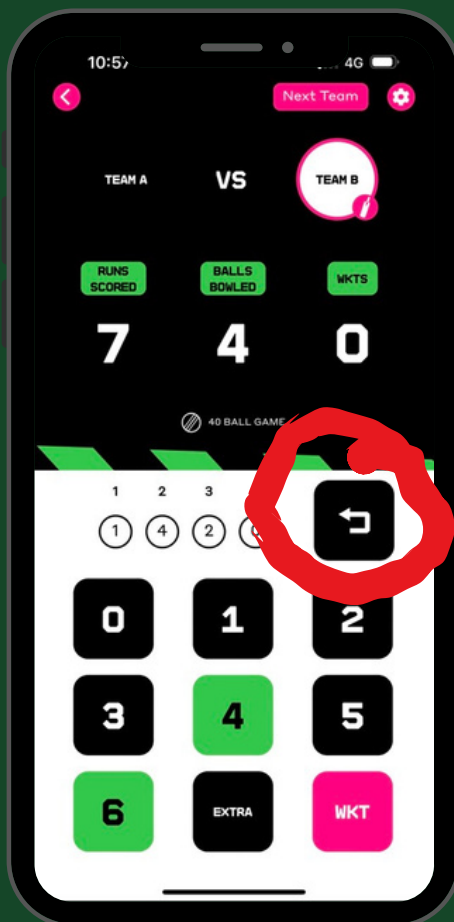

Game rules will be displayed

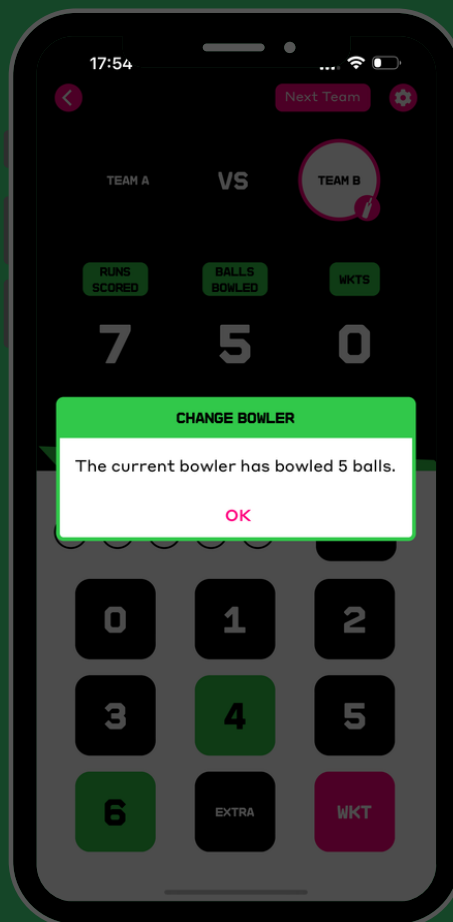

Score the game as it happens

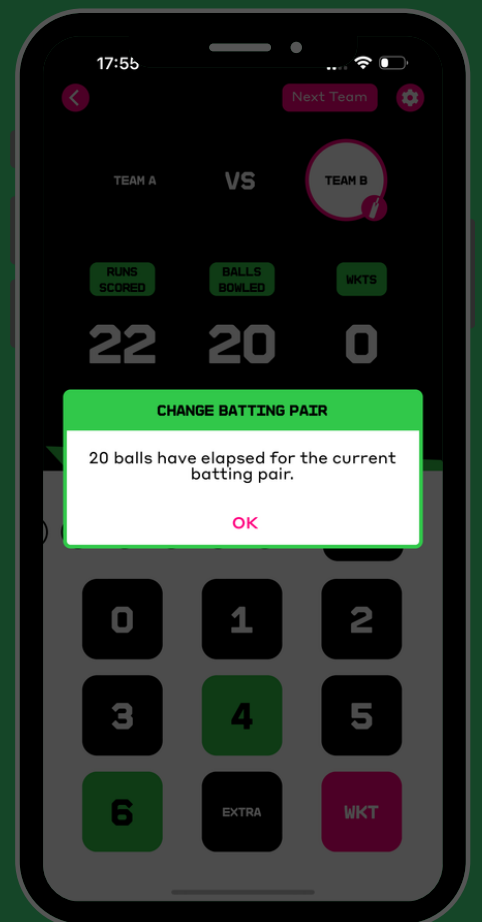

If you make a mistake, select the back arrow

The app will tell you when a bowler has bowled 5 balls

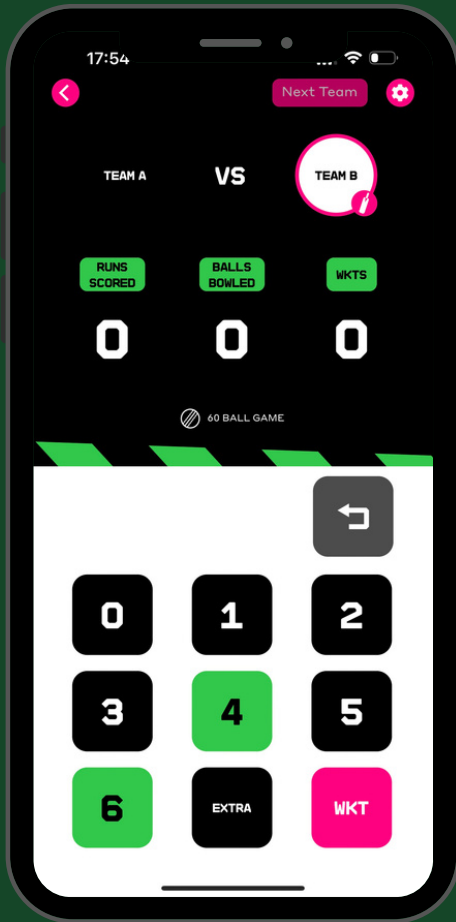

The app will tell you when the batting pair should change

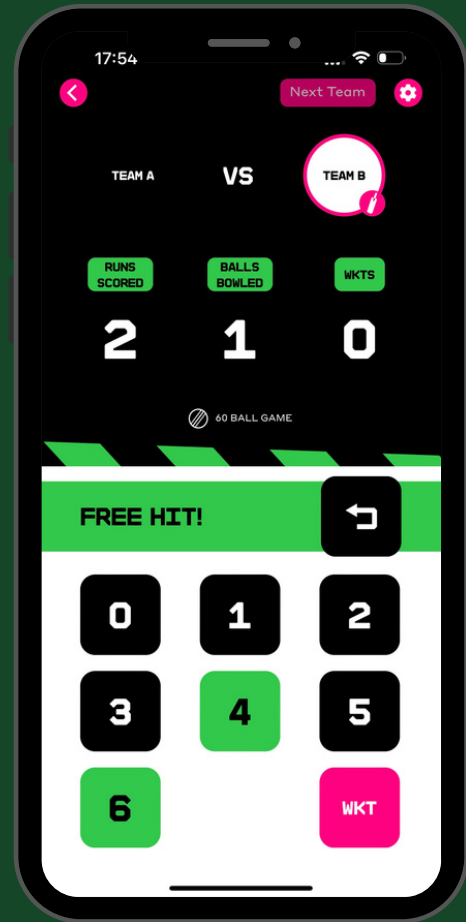

# WIDES / NO BALL & FREE HITS

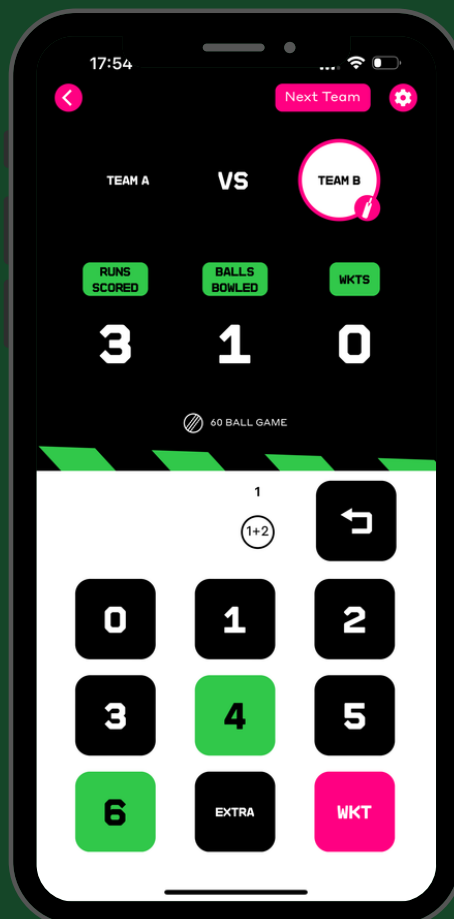

If a wide / no ball is bowled, select the "Extra" button

This will show a "Free Hit"

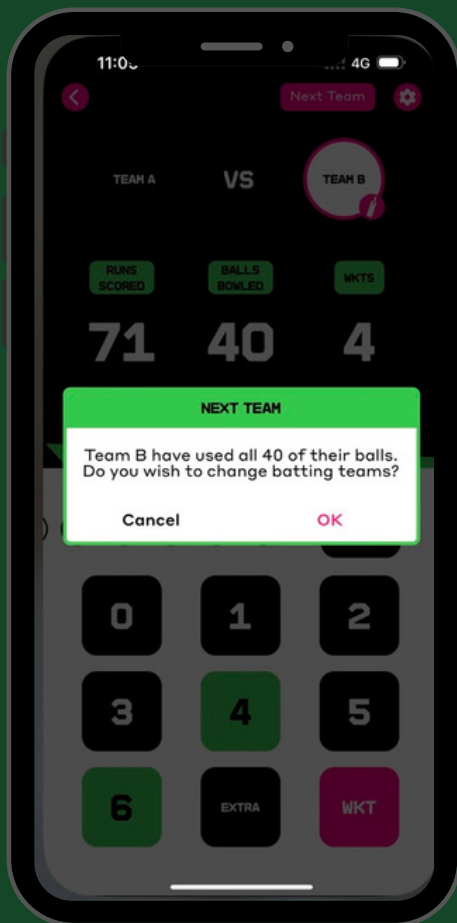

The batter has 3 seconds to hit the ball off one of the tees (in front of square)

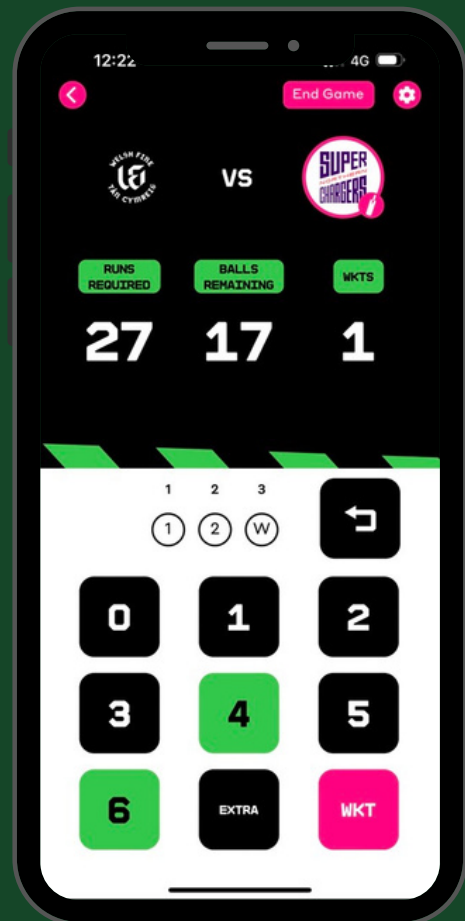

Select the result of the free hit

# CHANGE OF INNINGS

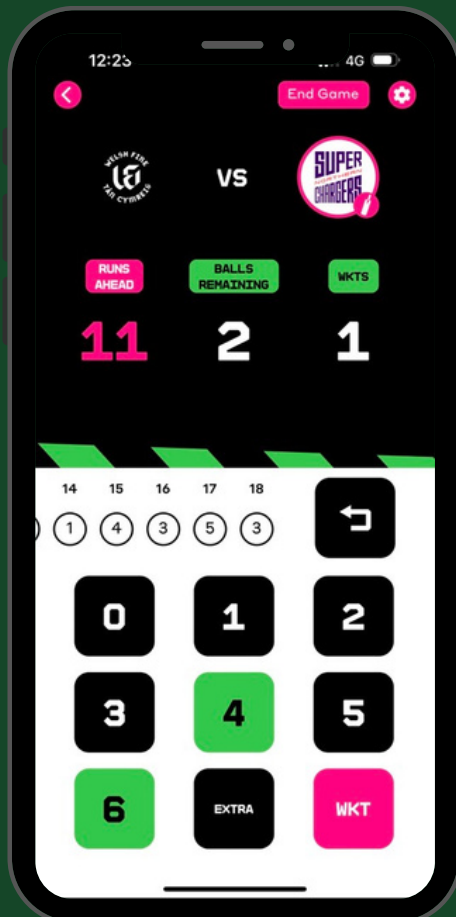

The app will tell you how many runs are required

If a wicket falls, 5 runs will be added to the runs required

When the runs required have been reached it will change to runs ahead

Game statistics will be displayed
