## W&G'S CELEBRATION DAY

On Sunday 15th September, Wiltshire Cricket hosted their first Colourful Cricket Festival.

This festival was held at Trowbridge CC with a Girls' festival ran in the morning, followed by a women's festival in the afternoon. A total of ten teams joined in with lots of enthusiasm, especially when the paint throwing began! The paint used was Holi powder paint and after each game every player received a handful of powder to throw amongst their team (or over themselves as some decided).
