2015 Girls Indoor Kwik Cricket Competition – Autumn 2015

Wiltshire Cricket have just completed nine exciting indoor kwik cricket competitions designed specifically for primary school girls. We held festivals in Melksham, Chippenham, Salisbury and Swindon. The festival's saw over 200 girls take part in an exciting and short game in which everybody got to bat and bowl.

The standard was fantastic with a lot of games separated by less than five runs. The enthusiasm for cricket displayed at all the festivals was fantastic and the performance level was very high.

The best part of every festival was to see the girls grow in confidence and every school always showed vast improvement from game to game, particularly on the batting front. As they got to grip with the indoor format the scores got higher in every game and all the players should be very proud about their levels of improvement.

The festivals are to try and promote cricket for girls in the county and at the end of every festival all the players were given certificates which also had contact information for clubs local to them.

The next opportunity for the girls to play some kwik cricket will be as part of the ECB summer competitions.

Festival 1, Melksham

Schools: Bellefield School, Lacock School, The Mead School and Grove School
